

AUXLINE

AUXILIARY ENCLOSURE SERIES

Refreshing Design

The **RE.DE.CON AUXLINE auxiliary enclosures** bring new meaning to aux panels with its robust aluminum extrusion frame and user friendly modular system.

Designed for Flexibility

AUXLINE offers flexibility in customisation, replacement and expansion. A second tier can be added simply with its 'stack-on' system, and vice-versa.

Maintenance Friendly

Fitted with heavy duty hinges and panel lid-stays, the rear access panels provide ease of access to equipment and fittings. Key lock provides security, and modular system provides ease of parts replacement.

Multiple Configurations

AUXLINE is available in single and dual tier configurations. Optional perforations for ventilation and front panel access are also available.
