

## **MODUS-X** CONSOLE SERIES

### **Modular Freedom**

RE.DE.CON **MODUS-X Console** is a flexible modular system with dual tier work surface that supports multiple configurations. Its secured storage spaces and range of optional accessories integrates equipment into a complete system.

### **Product Benefits**

- Modular system for ease of delivery, assembly, configuration and modification
- Robust modular frame structure that fully breaks down and flat pack to minimize shipping charges
- Individual parts can be replaced independently to minimize operational downtime
- Dual tier work surface provides flexibility in flat panel mounting height and adjustability
- Perforation design encourages natural ventilation, with options for fan and/or filter
- Large processor compartment with key lock for security, with options for retractable processor tray, 19" rack-mount frame and extra shelving
- Integrated cable management to keep cables organised and tidy

RE.DE.CON, derived from "redefine conventions", represents our commitment to continuously redefine conventions in the command and control centre arena.
